(Number of songs depends on the timing of your program. Please list your songs and any comments you wish the announcer to say. If you would rather announce your own numbers, this is OK as well.)

Please keep your part of the program to **20 minutes**. We are back to back and this is important that you time your pieces and the dialogue so that you will not go over the time limit. We will be following a tight schedule because we are completely booked. Thank you so much.
